

Flooring

"My Diamond Chip Garage Floor makes a statement, plus it is a snap to keep clean and the shine is terrific"

Bruce Behhoff,
Breese, IL

Diamond Garage Interiors flooring is a four step application, resulting in a short one-day installation process.

Diamond Chip Garage Flooring

The best of the best, Diamond Chip Garage Floor well exceeds the glimmer, shine and quality of traditional epoxy garage flooring. Diamond Chip flooring is specially formulated to withstand excessive wear and tear in the harsh garage environment.

Diamond Chip garage flooring has the longest life span with the shortest installation process. Our proprietary four step application allows for easy one day installation.

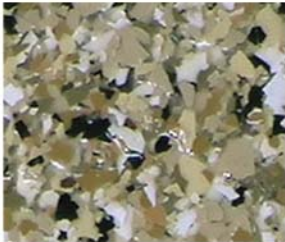

- Ten Finishes to Choose From
- Low Maintenance
- Industrial Strength
- Quick One- Day Installation During Any Time of the Year
- Traffic Ready in Only 24 Hours!

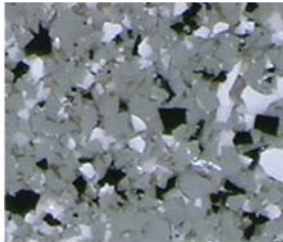

Choose from a variety of flooring options that provide immense protection and lend beauty to your garage floor. 10 standard or custom colors available.

All within a days time! In addition to the short installation, the floors are traffic ready in just 24 hours.
